

Solid-State AlumLEDLites

Features:

- ◆ Solid-State Lighting from High Power LEDs in Aluminium Housing
- ◆ White & Warm White
- ◆ Low maintenance
- ◆ Flicker free illumination
- ◆ Efficient emission design from aluminium reflector
- ◆ Effective thermal management through purpose designed Aluminium extrusion
- ◆ 24V DC Low Voltage Wiring
- ◆ Sharp illumination contrast
- ◆ Diffuser option provided

Product Data

| Model | No of LEDs | lm (w/o diffuser) | lm (with diffuser) | Colour | Voltage & Current |
|---------|------------|-------------------|--------------------|-----------------------|-------------------|
| ½ METRE | 24 LEDs | 470 | 430 | White 4500-10000K | 24VDC 0.57A |
| ½ METRE | 24 LEDs | 470 | 430 | Warm White 2800-3600K | 24VDC 0.57A |
| 1 METRE | 48 LEDs | 940 | 860 | White 4500-10000K | 24VDC 1.13A |
| 1 METRE | 48 LEDs | 940 | 860 | Warm White 2800-3600K | 24VDC 1.13A |

Applications:

- ◆ General illumination
- ◆ Shop Windows
- ◆ Display Showcase
- ◆ Signboard illumination
